A BERLIN REBUKE TO RUSSIA

With more than 84 per cent of the western Berliners voting against Communism, Russia must realize that its desperate tactics in the German capital have boomeranged.

The Soviets will not stop their gangster methods. The allied political victory will not interrupt the cold war. The Soviets will argue that since the Social Democrats, heaviest winners in the election, have advanced socialist views, they are really collectivists and belong to the Communist side along with the Socialist party in the Soviet zone. The Soviets bludgeoned the Socialists into a merger with the Communists in their zone and, if given the opportunity in the west, no doubt would do the same with the Social Democrats. They have no conception of honest elections as we think of them.

But they will not be able to shrug off the fact that half of the western Berliners who voted Communist in the last previous election joined the allied parties on Dec. 5. They were not afraid of retaliation. They were sick of Soviet tactics.

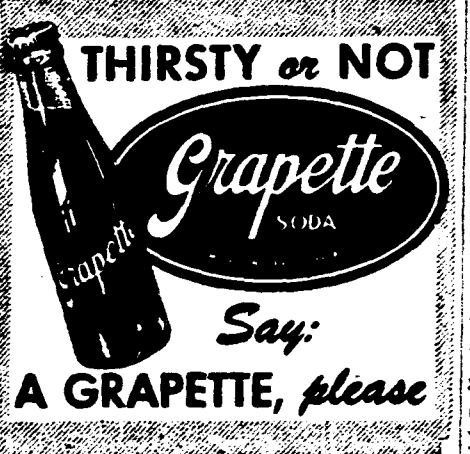

The realization of this rebuff may goad the Soviets to even more brutal tactics than they have pursued. But they cannot be happy. They are losing face.

NOEL ROUSLEY

Music by the Jacksonville High School Senior Choir, the Grady Treble Clef club, the MacMurray Faculty Quartet, the combined choirs of the Jacksonville churches and the combined choirs of Bethel A.M.E. and Mt. Emory churches, the Spiritual Harmonizers, the Jacksonville Civic Choir and many other

special groups will highlight the second annual Christmas Songfest to be held in the J.H.S. auditorium Monday at 8:15 p. m. under the sponsorship of the Junior Chamber of Commerce.

The high school groups will be directed by Miss Lena Mae Hopper. Gladys Sims Davis will direct the

combined choirs of Mt. Emory and Bethel A.M.E. churches, while the Jacksonville Civic Choir will appear under the direction of Noel Rousley. Henry Busche, choral director at Illinois college, is in charge of the program. He will also act as master of ceremonies. The public is cordially invited to attend.

Ministers Propose Weekly Church Night

The Jacksonville Ministerial association met on Monday at 9:30 at Grace Methodist church. Local ministers present were Arthur F. Ewert, Sidney A. Guthrie, Archie Harris, Reginald M. Harris, Roy S. Hulan, C. Frank Janssen, Clair E. Malcolmson, Frank Marston, Wilbur Allen, and Lewis N. Raymond. The Rev. Mr. Raymond, president, presided.

Among other things considered the report of the committee on school relations is of community interest. The members of this committee, C. Frank Janssen, chairman, Harris Pankhurst and Archie Harris proposed that for the sake of church and family life in the community a committee present the suggestion to the activities planning committee of the public schools that it consider setting aside Wednesday night of each week and plan no activities or rehearsals so that the churches may observe this as church night without fear of conflicts, and so that non-church-going families may have the opportunity for a much desired and needed evening at home together. The report was unanimously adopted by the members present.

CROP Participation Discussed
Later in the morning when other ministers of the Morgan county and surrounding area were present in an area wide meeting, the Rev. Mr. Malcolmson presided in the absence of the president, Leroy Cronkite of Virginia, and the matter of Morgan county's participation in the Christian Rural Overseas Program was

presented by the Rev. Mr. Hulan, publicity chairman in the county for CROP. It was pointed out that there has been a minimum of response to repeated appeals for township and unit representatives to come to an organization meeting.

The Rev. Mr. Guthrie made a motion, seconded by the Rev. Mr. Raymond, that a letter be sent to all ministers in the county, over the signature of representative denominational men, apprising the ministers of the need to present this cause in their respective churches prior to the deadline of Dec. 22. All money should be brought or sent to Leon Stewart at the Farmers State Bank, who is treasurer of CROP in Morgan county. The goal set for this county is two carloads of soybeans, two carloads of corn and one carload of hogs.

Raymond Presents Program

The program of the morning was presented by the Rev. Mr. Raymond. He was introduced by the program chairman, Archie Harris. Mr. Raymond's program was a wire recording of a program made up of a skit written by him while minister in Mason City. The setting was a court scene in which youths were on trial. The prosecuting attorney proposed to prove that the younger generation is going to the dogs. The defense attorney was determined that this thesis be disproved. The program was interestingly done by a group of Mason City young people acting as judge, attorneys, clerk, witnesses, and jury.

Czech Consul Here Quits; Asks Asylum

New York, Dec. 9.—(AP)—One of Czechoslovakia's consuls here has announced his resignation as a representative of his Communist-dominated government and says he is appealing for asylum as a "democratic political exile."

The consul, Zdenek Smetacek, announced last night he was resigning because "the present Czechoslovak regime is dependent on foreign interests contrary to the true wishes of the Czechoslovak people."

He said he was asking U. S. immigration authorities to allow him, his wife, their two children and his mother-in-law to remain in this country.

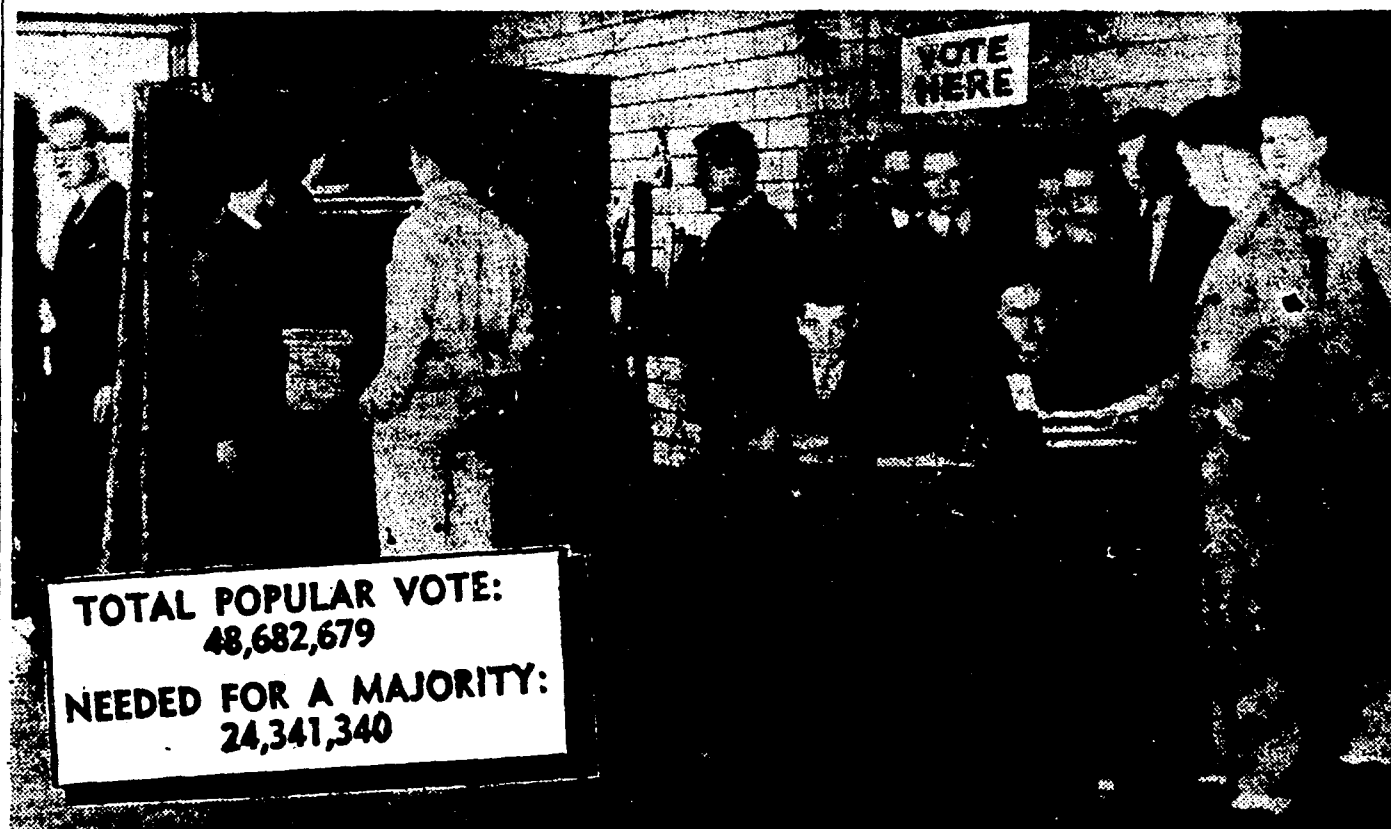

Stalin Returns From Vacation

Moscow, Dec. 9.—(AP)—Prime Minister Stalin is back in Moscow after his annual vacation.

The news came in an announcement yesterday that Stalin had received Premier Anton Zapotocky of Czechoslovakia, who is leading a delegation of Czech officials here for talks with Russian leaders.

Stalin's return was taken as an indication he was feeling rested and in good health.

Mr. Truman Missed a Majority

As the Newschart above shows, President Truman failed to poll a majority of votes on election day. The figures are from a United Press tabulation, based on the official count of 42 states and unofficial count of six others adding up to a total vote of 48,682,679. Mr. Truman was 282,146 votes short of a majority, but had a plurality over Gov. Thomas E. Dewey of 2,138,129 votes. Note that States' Rights candidate Gov. J. Strom Thurmond polled 20,448 more votes than Henry A. Wallace.

Boyle's Column

The 'Alp' That Ambled Back

By Hal Boyle

New York —(AP)—The hotel door opened and a fist the size of a mutton flipped out.

It caught me playfully on the chin and snapped my head six inches to the leeward—all the play my neck has left.

"Elio, 'ello!" boomed Primo Carnera. "Come in!"

This is the way "Da Preem" welcomes any visitor to his room except a dwarf. And a dwarf would probably get a big, friendly fist in his eye too—if Carnera could swing that way.

I walked in with a friend, who unhesitatingly tossed his hat on a bed. "Oh, My God, Oh, My God, don't do that," Carnera reproached him. "That's bad luck—to put the hat on the bed."

But today bad luck is something the big man they used to call the Ambling Alp no longer has to worry about. He's riding the crest now—making \$200,000 to \$250,000 a year in the wrestling ring.

At 42, the ex-heavyweight boxing champ is a success again, and happier than he has ever been. He is in love with his own life story. And he likes to tell it, with the simple pleasure of a small boy relating an adventure tale. But there is hardly space in one hotel room for Carnera, his king-size bed and his over-size voice.

The big fellow, so poor as a boy in Italy he wore gunny sacks for shoes, became European wrestling champion before he was old enough to vote. In 1928 he turned to boxing and was brought here in 1930.

He was built up to the championship in 1933, and lost it a year later to Max Baer. The huge shambling man—his six feet six inches, weighs 265—was a somewhat pathetic figure in those days. The men who annihilated him cut his fabulous earnings more ways than a cafeteria pie.

"But it is not true that I went home in Italy in 1936 all broke," insisted Carnera, who has pride. "I bought a villa, a farm with eight tenant houses and some other property, which I still have."

Currency fell—"Lose His Cash." "No, the big mistake I made in my life—was to take back my American dollars to Italy. When the currency there fell I lost all my cash."

During the war the Germans put Primo to work with a pick and shovel, and paid him fifteen cents for a ten-hour day—something, he said, no fight manager ever did to him.

Carnera returned to America with his family late in 1946 and reconverted immediately to "my first love—wrestling."

"It is much better than boxing," he said. "After 30 in boxing you are through. You lose the eyes, the speed. But in wrestling all you need to keep is the strength."

"You push, you pull—but your brain it don't get hurt. When they put the legs around the body and give the squeeze, it don't hurt the brain."

Advises Louis To Quit
"By advice to Joe Louis is to quit before he gets hurt. He has gone down a long way. I was lucky not to get hurt."

"I am much better off now. In the boxing game you make the big gate. But maybe only once, twice a year. But in wrestling you work for, five, six nights every week."

Carnera gets from \$350 to \$2,000 a night, and as he says, "this time I get to keep most of it myself." He used to be only amiable. Now he's smart as well.

Carnera wants to become an American citizen. His family—his wife and their children, Umberto, 9, and Giovanna Maria, 6—live in Los Angeles.

The gunny sack days are gone. There's food in the pantry, a car in the garage, cash in the bank—and more rolling in every night papa grunts and groans. The Alp's doing okay.

Atom Poison Shows Delayed Effect

Oak Ridge, Tenn.—(AP)—Proof that the harm done to heredity by radioactivity can lie dormant many generations, and then act like poison, has been found here in the Biology Division of the Oak Ridge National Laboratory. This happened in paramedical, slipper-shaped, single-cell creatures that live in fresh water ponds. Paramedical differ from men by reproducing for 20 generations or more without mating.

In this mateless period, a paramedical simply divided into two to reproduce. After a score or more of such generations, the slipper-shaped animals pair off and mate. X-rays were given to the paramedical during the mateless period. These rays have the same effects as those of radioactive atoms. All during the mateless period, nothing happened.

After mating it was different. The paramedical in the succeeding generations were less vigorous. This loss of vigor was permanent. It appeared even though only one paramedical among the ancestors had been given only one shot of x-rays. This delayed poisoning is like the harm expected in human beings, never yet found though known in certain animals and plants. In human beings the theory is that radioactive damage to heredity will not show up until after mating, and probably not until after many generations.

Greek Merchant Ships Repaired

Athens—(AP)—Twenty-one Greek merchant ships have been repaired and restored to service with steel imported into Greece under the American mission and Economic Cooperation Administration. The ECA mission here announced 30,000 tons of steel have been brought into Greece by the two aid missions since August, 1947.

Other large shipments of steel are expected for utilization on bridges, airports, buildings and industrial rehabilitation and development. About 2,000 tons of the steel already imported has been used for the repair of ships vital for the rehabilitation of Greek trade. It is expected another 1,700 tons of steel will be used to restore 19 other merchant ships.

The repair work is being done, under bids by eight Greek companies, all members of the Association of Greek Iron and Steel manufacturers.

Russians In China Drop Red Rights

Shanghai—(AP)—More than 1,000 Russians in China have renounced the Soviet citizenship they recently obtained, the China Press says.

They took out the new citizenship papers when Moscow announced by-gones would be by-gones and these Russians who fled the Communist regime more than two decades ago would be welcome back home.

Of the 1,000, at least 700 live in Shanghai, the rest in north China cities. Apparently they don't like the stories of the hard life in Russia seeping back from those who already have gone home. Of the original 14,000 White Russians in Shanghai, only 4,000 remain. The rest: either were repatriated or emigrated to North and South America.

The earliest roads about which anything is known were those of ancient Rome.

Citizenship Group Gives Program For Chandlerville Club

Chandlerville—At the December meeting of the Chandlerville Woman's club, an interesting program entitled "The Melting Pot" was presented by the citizenship committee, with Miss Clyde Carr as chairman.

The program consisted of a number of skits, representative of the numerous nationalities which have made America "The Melting Pot." It was presented under the direction of Miss Carr, who also authored the skits. Background music and piano accompaniment was provided by Miss Ruth Leeper.

Those appearing on the program and the countries they represented were Mrs. Russell Sarff, India; Mrs. Frank Siltman, Italy; Miss Mae Ainsworth, England; Mrs. Paul Abbott, Sweden; Mrs. Albert Nelson, Norway; Mrs. Otto Dorr, France; Mrs. Kathryn Clegg and Mrs. O. E. Blair, Holland; Mrs. Evan Garner, Ireland; Mrs. Dwight Bucy, Portugal; Mrs. Emma Baker, Denmark; Mrs. W. A. McNeill, Switzerland; Mrs. Charles Cherry, Scotland; Mrs. J. H. Scott and Miss Lula Lovekamp, Germany; Mrs. Chelisea Taylor, Greece; and Miss Lela Dyson and Mrs. Albert Nelson, Spain.

Czechs To See U. S. Films

Prague — (P) — Czechoslovak film goes finally have been promised they can see "The Best Years of Our Lives" which won a prize for direction at the Czechoslovak film festival last summer. It is one of the 10 American films earmarked for showing here after recent conversations of Eric Johnston, of the Motion Picture Export Association, during a brief stopover in Prague. The pictures will be shown under a loose agreement extending an old pact until a new agreement can be signed.

Others include Robin Hood, Gulliver's travels, Arabian Nights, and Rene Clair's "It Happened Tomorrow." The first three are color films.

The negotiations deadlocked over the reciprocity, Czech film sources said. Since Czechoslovakia is a film exporting country itself, it would like an even exchange.

STUDENTS CLEAN UP WITH LAUNDRY

Santa Fe, N. M. — (P) — Because it's easier than it was in grandma's day and because there is money in it, three students at St. Michael's College here have gone into the laundry business. And they're cleaning up.

The three are Edward S. Forst, son of Mr. and Mrs. Harry Forst of 437 W. Roosevelt Blvd., Philadelphia, Victor E. Petro, son of Mrs. B. Petro of Blue Island, Ill., and Edward J. Feldhake, son of Mr. and Mrs. E. M. Feldhake of 1135 N. West Street, Lima, Ohio.

These doughty duds-dunkers operate on \$600 worth of high powered laundry machinery. They use an automatic washer and an automatic dryer. The association was capitalized for \$240—the down payment on the machinery. The school furnishes the water—hot and cold—and the only expense is soap and bleach.

When John D. Rockefeller died in 1937, it was announced he had given more than \$530,000,000 for philanthropic and charitable purposes—the largest group of such gifts ever made.

Continental Found In Book

Berlin — (P) — It was an ordinary looking book but the title interested Capt. Richard H. Lake. He paid three marks and took the book home. Lake noticed a piece of brown paper pasted on the inside of the back cover. He took it off. In a little receptacle gouged out of the cover lay a one-dollar bill issued in 1779 by the Continental Congress. It guaranteed the holder one dollar credit in the United States of America, then three years old, and in the middle of a whacking war.

Lake hasn't any idea what it is worth as a collector's item today, if anything. "But it cost me only three marks. That's 90 cents. And it guarantees me a dollar. So I stand to make a dime," he said.

When war cut off tapoca supplies from Java, new supply sources were opened up in South America.

Investigator Sleeps With Evidence

Microfilm documents, reported stolen from the State Department by foreign agents, form such vital evidence that an investigator of the House Un-American Activities Committee sleeps in front of the safe in which they are stored at night. C. E. McKillips, of St. Michaels, Md., shows how he guards the precious strip of film. It was found in a pumpkin on confessed Communist Whittaker Chambers' Maryland farm.

Buy of the Year

It's the Buick SUPER! With Dynaflo Drive! With new room—a new outlook—and features-by-the-fistful that make it the season's top buy!

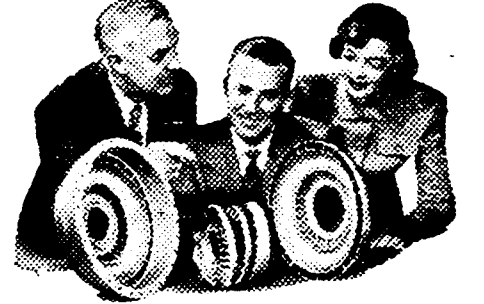

RIGHT away you know it's a Buick — and another style ten-strike.

And even from the outside you can sense something of its new roominess, something of the wonderfully wide view-of-the-world you get from full-curved windshield, narrow corner posts and stepped-up glass area.

But that just makes a start on the good news.

For the silk magic of sensationally successful Dynaflo Drive! is available at your option on all models of this '49 SUPER.

tire is an oversize cushion mounted on a wider-than-usual rim. And every Dynaflo model has an extra plus in self-adjusting valve lifters that keep valves seating themselves just right.

Indeed, each detail—wide swinging doors, gracefully

streamlined taillights, contoured rear bumper, Hi-Poised engine, fine rich finish—marks this as the year's standout car.

And the price tag? Matched against the field, it is almost a command to get your order in.

Check it and see. Your Buick dealer will be happy to oblige — and talk business whether or not you have a car to trade.

ROOM—WITH A VIEW! Seats are broad in this new Buick. And soft, so that there's extra room overhead. And windshields are a full 56 1/2 inches across, glass area in 4-door Sedans stepped up 22%!

BLOCKADE STOPS ORE SHIPMENT

Duesseldorf, Germany —(P)— Another way in which the Soviet blockade of Berlin has back-fired has been revealed.

The Russians claimed restitution of several thousand tons of Ukrainian iron ore looted by the Germans during the war. British Authorities approved the claim.

But shipment of the ore from the Ruhr is impossible because of "transportation difficulties," a British spokesman said.

NEW CHEMICAL PROTECTS GARDENS

Cleveland —(P)— Deer and other will game will find "bean nipping" on the tough side next year. A chemical company (B. F. Goodrich) reports that a new animal repellent has been successfully tested by the State of Maine Fish and Game Department at its Swan Island wildlife refuge.

Resident biologists at Swan Island sprayed alternate rows of strawberry and bean plants with the repellent formulation and discovered that the treated rows were not disturbed while those without the spray were mowed low by grazing animals. In tests thus far, one application was found to be effective until new leaf growth occurs. Taste, and not odor, is the big factor, with the deer finding the treated plants very unpalatable.

Most of the settlers have moved in from the Fergansk Valley and other regions close by. The new farms are located along the banks of the Kirov and its numerous branches. They are mostly cotton farms. Some of the best cotton in the Soviet Union is grown here.

Gets 15-Year Term For Rifle Murder Of Neighbor

Morrison, Ill., Dec. 9.—(P)—A 48-year-old Sterling, Ill. carpenter was sentenced yesterday to 15 years imprisonment for the rifle slaying last July 1 of his neighbor.

The prisoner, Oscar Hollingsworth, was convicted of the murder charge by Circuit Judge Ray T. Klingbiel who heard the trial without jury.

Hollingsworth was accused of shooting Amie Colin, 42, following an argument over the shooting of Colin's dog.

The widow of the railroad worker, Mrs. Thelma Colin, testified that she had tried to persuade her husband to stop the argument with Hollingsworth and go home. She said that as she started walking toward her house she heard a shot and that when she looked back her husband was lying wounded, on the ground between her home and Hollingsworth's.

Hollingsworth, apparently pleased with the sentence, elatedly thanked his court-appointed attorney, Samuel Rubin.

Doubt Man's Story That He Committed Philly Murder

Philadelphia, Dec. 9.—(P)—The homicide squad today doubted a former gravedigger's story that he committed a Philadelphia murder for which another man faces possible execution.

Herbert Leroy Gulembo, 20, told Saginaw, Mich., police he killed 43-year-old Mrs. Kathryn Meller, artist and writer, when she resisted his advances. Then, Gulembo said, he fled Philadelphia upon learning his job required him to dig the victim's grave.

Negro Iceman Convicted

Bayard J. Jenkins, a 19-year-old negro iceman, was convicted of the slaying. Sentence was withheld pending outcome of his appeal. The first degree murder verdict—without a recommendation of mercy—carries the death penalty.

Gulembo's statement yesterday that he fatally beat Mrs. Meller and left her partly nude body on a bed in her fourth floor apartment started an exchange of communications between police of Saginaw and Philadelphia.

Detective Captain James Kelly of the homicide squad said Gulembo's answers to specific questions asked by Philadelphia police indicated he

had no first-hand knowledge of the crime.

Believe Jenkins Is Guilty

"We're convinced that Gulembo is trying to mislead us in some way and that the man we have convicted is the one who murdered Mrs. Meller," Kelly stated.

Kelly wired Saginaw police to ask Gulembo questions regarding the kind of building Mrs. Meller lived in, on which floor, what types of stores were on the ground floor and other pertinent facts.

Gulembo already had told authorities the slaying occurred in April, while actually it was in June. The answers wired back here regarding the description of the building "were just as wrong as he was about the date of the crime," Captain Kelly said.

Authorities here, nevertheless, requested Gulembo be held until a complete investigation can be made.

New York Stock Market

New York, Dec. 9.—(P)—The stock market developed a wobbly streak today after early steadiness.

SOYBEANS OFF 6 CTS. TO PACE DOWNTURN IN GRAIN PRICES

Chicago, Dec. 9.—(P)—Soybeans paced a downturn in prices of all commodities on the Board of Trade today. Losses in beans ran to around 6 cents at times and caused a general weakening in grains and lard.

Commission houses started the soybean selling. Some stop-loss orders were uncovered and the market seemed to lack support. Part of the liquidation came from the east. Fats and oils weakened also in other markets.

The decline was accompanied by an unconfirmed rumor in the pit that the government had canceled an order for soybean meal in southern markets.

Losses in grains were mostly confined to a cent or less. Cash wheat receipts increased at major markets and cash corn was offered more freely by the country. Dealers placed purchases of corn on a to-arrive basis at around 175,000 bushels.

Receipts were: wheat 6 cars, corn 213, oats 19, soybeans 13. Wheat closed 1-1/2 lower, December \$2.39-1/2, corn was 1-1/2 lower, December \$1.43-1/2, oats were 1-1/2 lower, December \$2-1/2, rye was 2 to 2 1/2 lower, December \$1.77, soybeans were 4-1/2 lower, December \$2.71-1/2, and lard was 22 to 38 cents a hundred pounds lower, December \$18.20.

Addition of molasses to "Old Gold's" daily diet is credited with helping to make him "the greatest combination of all the qualities a meat animal should have."

MEASURING STARDUST

Uppsala, Sweden.—(P)—The weak photoelectric currents which are generated by a star only one 100,000ths part as strong as Sirius can be measured by the help of an apparatus in the university observatory at Uppsala. The apparatus has been designed by Dr. Ake Wallenquist. The currents are strengthened a millionfold in an electromultiplicator and can then make a deflection on a galvanometer.

Their Future is in the Balance

Meat animals are what they eat! It takes a balanced ration to keep them healthy, growing and gaining. Successful livestock men know this. Hundreds of controlled feeding experiments prove it. Morrison, the great feeding authority, states—"Lambs on unbalanced rations require 46% more corn and 13% more hay for each 100 pounds of gain!"

Balanced rations for hogs show spectacular results. Anyone can make a lot of fat and a little lean with corn and water. But that's the slow, expensive way. It takes a pile of corn to do it. But with corn balanced with proteins and minerals and vitamins hogs can be fed to market weights in six months or less. Think of the corn you can save—11 bushels of corn alone will make 100 pounds of pork, but only 6 1/2 bushels of corn plus 35 pounds of protein supplement will do the same job faster.

Scores of feeding trials prove that a balanced ration pays with steers and lambs, whether on the range or in the feedlot. In fact, the same basic principle applies to all livestock and poultry. Forage and other homegrown feeds, properly balanced with proteins and minerals, make more and better meat pounds at less cost.

Continuous research affords new and exciting means of using available materials in improved rations for livestock. At first, tankage alone was used to add protein to hog rations. It did a good job. Then research proved that a combination of proteins

is better than one kind alone. A mixture of tankage, soybean meal, linseed meal and, in some areas, cottonseed meal, produces better quality pork even faster. This improvement in rations makes for more efficient and economical use of proteins. But what about vitamins and minerals? Here, too, many advancements in techniques of supplying these nutrients have been made. Dehydrated alfalfa, milk solids, vitamin oils, and some synthetic sources provide essential vitamins and other factors. Mineral balance is necessary, too. Salt, the universal need, supplies sodium and chlorine. Steamed bone meal supplies calcium and phosphorus, and other major minerals. With these, alert research men now are combining other known essential elements, such as cobalt, manganese, iron, iodine, copper, and magnesium, to turn slow gainers into fast gainers.

First Calves Forecast Product

by Marvin Koger, Animal Husbandman
New Mexico A. & M. Experiment Station

Want to estimate efficiency of calf production in your cow herd? The cow's first calf tells more than her good looks. In a New Mexico study, we took the weaning weights of first calves weaned by three-year-old cows. These weights were compared with the weaning weights of calves raised by these same cows in the next four years. Cows and calves were placed in five groups (according to the weaning weight of first calves). Here's the 5-year record:

Groups	Average First Calf Weight From 3-Year-Old Cows	Average Calf Weights From Same Cows for Next 4 Years
Group 1	321 pounds	404 pounds
Group 2	349 pounds	417 pounds
Group 3	383 pounds	430 pounds
Group 4	409 pounds	443 pounds
Group 5	441 pounds	456 pounds

Considering only the two extremes, Group One and Group Five, it was shown that breeding stock picked from Group One could be expected to produce, for the next four years, calves that had a yearly average weaning weight of only 404 pounds. But those picked from Group Five should produce calves with a yearly average weaning weight of 456 pounds, 52 pounds more than Group One.

These figures show that later calves are apt to be a repeat performance of the cow's first calf. Cows doing poorly their first calving year continued to produce the lightest group of calves. They were poor risks. Culling cows with light, scrubby first calves would be well repaid in greater profit through more efficient production.

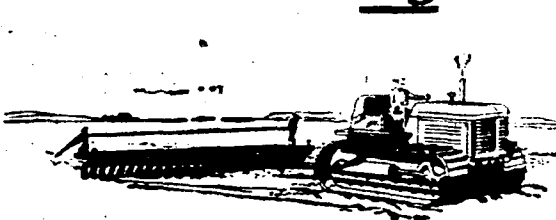

If you would like a full report on this experiment, write to New Mexico A. & M. Experiment Station, State College, N. M.

"It takes a big tractor to pull a heavy-duty plow"

This large tractor is especially designed to handle the big and heavy jobs—easily, efficiently, economically.

This little tractor is good when used for its proper purposes. But it is not built to pull such a heavy plow.

It's the same way with business, including the meat-packing business. There's need for all kinds and sizes of packing plants—large ones as well as small ones. Two-thirds of the livestock is produced west of the Mississippi River. Two-thirds of the meat is eaten east of it. Bringing meat and meat-eaters together is a big job!

That's where the "big tractor" proves its worth. The country needs nation-wide meat packers like Swift & Company. For with processing plants located where most of the livestock is raised, we can help bridge the gap between western range and feedlots and the kitchen range. It is an important job, filling the vital needs of producers and consumers. As we have served them over the years, we have grown. And as we have grown, so also our ability to serve has grown.

Jacksonville's three high school basketball teams travel tonight, leaving local hardwood fans without diversion for the evening unless they elect to follow the boys.

Elgin At Decatur Features Weekend Prep Cage Slate

Springfield, Ill., Dec. 9.—(P)—Stiff tests pop up tomorrow and Saturday for some of the early season favorites in the Illinois High school basketball scramble.

One of the best games on the weekend program sends Elgin's undefeated and widely heralded team to Decatur for a Saturday match between two of downstate's tallest quintets. Before facing this hurdle, Elgin seeks to extend its winning record to five games at the expense of East Aurora Friday.

The Decatur Reds, who have captured three of four starts, play Bloomington Friday.

Mattoon vs. Champaign

Three other attractions throw together unbeaten schools Friday night. The games are Evanston at Oak Park, Mattoon at Champaign and Monmouth at Moline.

Oak Park has been regarded all along as a standout in the Chicago suburban area. So far the Huskies have defeated Dundee, York of Elmhurst and Waukegan, the latter in an overtime.

Evanston owns four straight triumphs but had close calls in its last two tilts with New Trier of Winnetka and Amundsen of Chicago.

The Champaign-Mattoon contest is a midstate headline. Both have shown a strong scoring punch to date, Champaign defeating Joliet and Urbana, and Mattoon downing Urbana, Tuscola and Kincaid.

Moline Favored

Moline's Maroons, who figure to be hard to stop in the northwest area where good teams seem to be plentiful this year, are favored over Monmouth. Moline has won two and Monmouth three.

One of the toughest assignments falls to Salem, whose two defeats in four starts were by one and two points. The Wildcats draw the inevitable job of trying to stop Paris and Mt. Vernon, both prominent statewide contenders, on successive nights.

Paris aims for its fifth straight conquest Friday night against Salem, and then takes a Saturday trip for a match with Hoopesport's formidable Cornjerkers.

Mt. Vernon's impressive Rams are favored to reach five in a row in their Friday collision with Marion.

Seventeen Break Par As Open Golf Tourney Begins

Miami, Fla., Dec. 9.—(P)—One of the nation's leading amateurs and an unknown professional led the field in the opening round of the 25th annual \$10,000 Miami Open golf tournament today.

Amateur Frank Stranahan of Toledo, Ohio, and Stan Straszowski, Winsted, Conn., professional, shot four under par 66's to lead the field over the 6,735-yard par 70 Miami Springs course.

Seventeen others broke par in the first day's battle for \$2,000 top money, among them the favorite, Sammy Snead of White Sulphur Springs, W. Va., who had a 69.

Defending Champion Jimmy Demaret of Ojai, Calif., came in with even par, one of a dozen to equal regulation figures. One stroke below of Stranahan and Straszowski were professionals George Bolesta, Tampa, Fla.; Tony Penna, Cincinnati, and Fred Haas, Jr., New Orleans.

Tied with 68's were Lou Broward of Jacksonville, Fla.; Pete Cooper, Ponte Vedra, Fla.; Herman Keiser, Akron, Ohio; Clayton Hearner, Charlotte, N. C.; and Vic Ghezzi, Englewood, N. J.

Bunched at 69 were: Joe Taylor, Miami; Oley Crisman, Miami Beach; Armando Farina, Schenectady, N. Y.; Steve Warra, Jr., Miami; E. J. (Dutch) Harrison, Chicago; Dave Douglas, Wilmington, Del.; Curtis Bryan, Ciga, Ohio; Johnny Palmer, Badin, N. C.; and Snead.

Several of the "big-name" pros matching par today including Horner Smith, Detroit; Chandler Harper, Portsmouth, Va.; Claude Harmon, Palm Beach; Chick Harbert, Detroit; and Demaret.

Louis, Conn Finish Training For Bout Tomorrow Night

Chicago, Dec. 9.—(P)—Both heavyweight champion Joe Louis, and Billy Conn, the Pittsburgh Irishman, have finished training for their six-round exhibition bout tomorrow night in the International Amphitheater.

Louis said he'll weigh about 220 when the fighters step on the scales in the Illinois Athletic Commission offices tomorrow. That's just five pounds over his weight for his last title defense, against Jersey Joe Walcott, whom he kayoed.

Conn said he expects to weigh 180 or seven pounds over his top fighting weight.

Marshall Miles, manager of Louis said that a cut over the champion's eye, administered by Johnny Shko, in Boston, Nov. 8, had been opened in training. He said, however, he will ask the commission not to stop the bout if the cut is reopened by Conn.

7 Boys In High School-All On Basketball Squad

Seaton, Ill., Dec. 9.—(P)—Boys of Seaton High school—all seven of them—are 100 per cent for basketball. Those seven youngsters comprise the school's male enrollment and also the basketball squad.

Coach George O. Brown says it could be worse—he could have only five players, the required number for a game. With five starters and only two substitutes, Brown has plunged into a 20-game schedule with as much determination as a coach with 50 lads on his squad.

Coach Brown believes Seaton is the only high school in the state with such a limited squad and a full schedule.

Unless there is a sudden influx of families with boys in the village, it appears that basketball may have to be dropped next year since four of the squad members—Roger Anderson, Harold Newton, Bryon Blackmand and William Duncan—are seniors. John Bird is a junior; Rodney Boruff, a 5-foot, one inch forward is a sophomore. Earl Strope is the freshman member of the squad.

Drexel Sponsors Billiard Tourney

Harold Hills, proprietor of Jacksonville's Drexel, announces a three cushion billiard tournament which will be held Saturday afternoon.

The local experts, Gerald Gilliland and Charles Davis, are entered in the tourney, and will compete against two men from Springfield and a like number of contestants from Decatur and Champaign.

This is the second contest of this sort Mr. Hill has sponsored. He recently held a rotation pocket billiard tournament, and plans an eight ball pocket billiards go which will start next Monday.

The Sunday tournament starts at 2 p.m. and is free to the general public.

Meet the World's No. 1 Stallion

Owner Henry A. Brandtjen, of Farmington, Minn., and his son, Henry Jr., enjoy mutual congratulations after their huge Percheron stallion "Top Sergeant" won the grand championship at the International Livestock Exposition in Chicago. The horse "trained like an athlete for the competition," said Brandtjen.

Keglers' Korner

With the opening of a new bowling alley in Jacksonville comes the formation of eleven bowling leagues. Each of the leagues is composed of five teams with a like number of keggers per crew.

Local bowlers are fortunate to have at their disposal one of the finest alleys in this sector. Entirely new, the establishment under the management of Ralph Eoff, boasts a grill and cocktail lounge for those who find the 12 bowling alleys crowded.

Two leagues bowl every night. This column will carry the results on the teams involved, high team series, high team games, high individual series, and high individual games.

Results on the City League and Ladies Junior League which bowled Wednesday night are as follows:

Jack Kirby, USC Grid Ace, Signs With Redskins

Los Angeles, Dec. 9.—(P)—Halfback Jack Kirby, clutch-scoring ace of the University of Southern California, will play football with the Washington Redskins of the National League next year.

Kirby, ignored in the player draft of graduating college performers, was grabbed by owner George P. Marshall of the "Skins as a free agent.

Last year Kirby scored the winning touchdown over UCLA that sent USC to the Rose Bowl. This year he scored Troy's lone tally against California, two of the three which whipped UCLA, and made a sensational pass catch and run which set up the first Trojan score against Notre Dame last Saturday.

State To Continue 'Deer-Thinning' In N. Illinois

Rockford, Ill., Dec. 9.—(P)—Deer are becoming far too plentiful in northern Illinois. The state plans to continue efforts to thin them out this winter.

Lysie Pietsch of Dixon, deer and bear project leader for the state conservation department, said 14 box-type deer traps will be placed in the area around Rockford, Belvidere and Oregon. Corn and alfalfa will be used for bait. Captured deer will be taken to the Shawnee National Forest in southern Illinois.

Pietsch estimated there are 1,500 deer in the area. Trapping efforts began last winter, but only 42 were caught. Pietsch said he believes the small catch was because of ample supplies of residue food in farm fields.

Jerseyville, Carrollton Tangle In Ivy League Go

By Bill Chipman

Jerseyville's small but speedy Panthers journey to Carrollton Friday night for a basketball game with their arch rivals.

This will be the initial Illinois Valley conference start for both teams, and fans are eyeing the battle with keen interest since Carrollton is the defending champion in the Ivy League.

Coach E. V. Hult is welding a smooth working team in his first season at Jerseyville. Although the starters are unusually small, they have thrown up a stout defense, whipping Hardin 38 to 22 and clipped Gillespie 30 to 25 in their first two encounters this year. The Panthers haven't beaten a Carrollton cage crew since 1946.

The Hawks had little trouble with Bluffs and Brighton in their first two games, whipping the smaller schools by large margins. Carrollton also has a new coach in Clarence Bradley, who is replacing Bill Jackson. Dick Hamman, assistant under Jackson last year, is still on hand. Most of last year's championship five is gone but the Hawks have a tall, speedy outfit which is developing into a high scoring hardwood machine.

Wisconsin Cagers Seek 3rd Victory Against Missouri

Chicago, Dec. 9.—(P)—Wisconsin will be the only Big Nine basketball team to meet non-conference opposition tonight when the Badgers entertain Missouri at Madison.

Coach Bud Foster's Wisconsin team will be after its third triumph over a non-league foe. The Badgers opened with a 66 to 36 victory over Ripon (Wis.) college and then went into an overtime session last Saturday before downing Marquette, 67 to 63. Wisconsin is host to Loyola Saturday.

Other games Saturday: Toledo at Michigan; Northwestern vs. Notre Dame in Chicago Stadium; Illinois vs. De Paul in Chicago Stadium; Purdue at Marquette; Xavier at Indiana; Creighton at Iowa, Dubuque at Bradley.

Year's First Snow Makes Roads Slick

The first snow of the season that "stuck" came to Jacksonville and vicinity late Thursday morning. Never hard, the fluffy flakes fell intermittently throughout the day and night.

Certain spots of the highway were reported rather slick as the temperature dropped Thursday night. The Florence hill in Pike county was giving automobile and truck drivers a bad time. The state highway department spread cinders to give the vehicles enough traction to get over the hill.

List Final Grid Statistics; West Excels East

New York, Dec. 9.—(P)—The West's unconfined wide open spaces produced 1948 college football's foremost total offense and rushing leaders.

It comes as a surprise to practically nobody that Nevada's Stan Heath annexed total offense honors with 1,992 yards in 233 plays, acquired strictly on the accuracy of his passing arm. He tried rushing only 11 times and wound up losing 13 yards at it.

Meanwhile, Fred Wendt of Texas Mines went to Hawaii for his team's 10th game to compile a season rushing record of 1,570 yards and an average of 8.53 yards—highest for any season titleholder.

With Heath dominating the total offense lists all season main interest focused on the fight for second place between All-America Charlie Justice of North Carolina and Texas Christian's workhorse, Lindy Berry. Justice steamed to second place on the strength of his Thanksgiving weekend performance against Virginia, winding up with 1,620 yards. Berry, meanwhile, was having his troubles in that 7-7 deadlock with Southern Methodist.

Those leaders ranked 1-2-3 in the payoff department of scoring. On touchdown responsibility, Heath threw 22 touchdowns passes—a record—and scored one himself for a touchdown-responsibility of 23. Justice threw 12 touchdowns passes and scored 11 rushing to total 23 also. Wendt collected 20 touchdowns exclusively on the ground, but flipped no touchdown passes the seven times he threw the ball. They spanned the country's major college scorers in that respect.

Frankie Sinkwich's total offense record of 2,187 yards, made for Georgia in 1941, remain unscathed, with Heath's 2,005 yards on passing alone being the closest challenge. Wendt finished third in total offense with 1,597 yards and Berry was fourth with his 1,516. Berry's 328 plays earned him the workhorse title.

Prior to this year only 18 men ever had averaged 100 yards or better per game rushing. This year the first five rushers did it: Wendt; Ed Price, Tulane; Jackie Jensen, California; Harry Szulborski, Purdue, and Wilton Davis of Hardin Simmons.

Those rushing for an average of seven yards or better per crack were Wendt, with his record-setting 85.3; Notre Dame's Johnny Panelli, 7.52; Wendt's team mate Harvey Gabriel, 7.45; Jensen, 7.35; Charles Hunsinger, Florida, 7.26; Bobby Jack Stuart, Army, 7.03.

Blueboys Suffer First Loss Of Season; Bow To Quincy 64 To 56

The Illinois College Blueboys tasted their first defeat of this early season when they fell, victims to the red-hot Quincy five, by a 64 to 56 count on the Adams county boards.

The locals were very cold in the initial minutes of play, and in comparison, the Quincy quint just couldn't seem to miss, hitting the hoop with deadly accuracy from the opening whistle. The hiltoppers fell behind 23 to 12 in the first ten minutes of play, but with Bill Gross and Shouse hitting, the local five managed to pull up to within seven points of the host school by halftime.

Quincy Continues To Pace

Coming out after the intermission, the Quincy college cagers continued to cut the cords at a furious pace, and although the Blueboys were playing great ball in an effort to stem the rain of baskets, and Bill Gross was hitting consistently for the Jacksonville crew, they couldn't keep up with the terrific pace set by the host school.

Bill Shouse got several quick buckets in the last ten minutes of play which helped Miller's charges to outscore Quincy 13 to 7 in the waning minutes of the contest. However, the earlier lead built up by the host school was too much to cut in the short time remaining to play, and the hiltoppers fell short by eight points.

Murrin Below Par

Bob Murrin, who suffered a severe injury cut thumb early this week, played in the contest, but was obviously not up to par form. He counted only one tally from the field, and along with Dave Billings left the game via the foul route.

Bill Gross, big local forward, took scoring honors for the evening, marking 10 tries from the field and 3 gift tosses for a total of 23 points. Bill Shouse had a good scoring night, hitting for 19 counters, while Heithold of Quincy scored 21 for the victors.

Bears, Cardinals To Play Off Tie For WD Champions

Chicago, Dec. 9.—(P)—After each whizzed to 10 victories in 11 National football league games, the Chicago Bears and Cardinals still have some secret stuff left for their climatic clash for the western division title Sunday.

At least it looked that way today as the two clubs continued drills away from the prying eyes of sports writers, rail-birds and just plain ordinary fans.

George (Papa Bear) Halas had his Bruins cavort in a carefully sealed armory. Boss Jimmy Conzelmann of the Cardinals put the league champions through their paces at Comiskey Park with sentries well posted to shoo away the curious.

What chicanery Halas and Conzelmann are plotting is a matter of conjecture. Maybe the Bears' Johnny Lujack will be at offensive halfback, something Halas planned for the ex-Notre Dame quarterback early this season, but never got around to develop.

Maybe the Bears' Sid Luckman or Bobby Lane will pass to Lujack. That would be something like the trick the Cardinals worked against the Bears last season when they won the western title, 30-21. On the very first play of the game, Paul Christman flipped a touchdown pass to Halfback Boris Dinnmarcheff, whom nobody—the Bears least of all, expected to turn up as a receiver.

Cardinal fans figure that if Conzelmann could cook up a nifty like the Christmas-Dinnmarcheff trick, he'll have something even better this time.

The Bears are rated 61 point favorites in the game which will give Wrigley Field its biggest crowd ever, more than 50,000, and produce the city's greatest professional football gate, about \$150,000.

Jack Kirby, USC Grid Ace, Signs With Redskins

Los Angeles, Dec. 9.—(P)—Halfback Jack Kirby, clutch-scoring ace of the University of Southern California, will play football with the Washington Redskins of the National League next year.

Kirby, ignored in the player draft of graduating college performers, was grabbed by owner George P. Marshall of the "Skins as a free agent.

Last year Kirby scored the winning touchdown over UCLA that sent USC to the Rose Bowl. This year he scored Troy's lone tally against California, two of the three which whipped UCLA, and made a sensational pass catch and run which set up the first Trojan score against Notre Dame last Saturday.

Wisconsin Cagers Seek 3rd Victory Against Missouri

Chicago, Dec. 9.—(P)—Wisconsin will be the only Big Nine basketball team to meet non-conference opposition tonight when the Badgers entertain Missouri at Madison.

Coach Bud Foster's Wisconsin team will be after its third triumph over a non-league foe. The Badgers opened with a 66 to 36 victory over Ripon (Wis.) college and then went into an overtime session last Saturday before downing Marquette, 67 to 63. Wisconsin is host to Loyola Saturday.

Other games Saturday: Toledo at Michigan; Northwestern vs. Notre Dame in Chicago Stadium; Illinois vs. De Paul in Chicago Stadium; Purdue at Marquette; Xavier at Indiana; Creighton at Iowa, Dubuque at Bradley.

Year's First Snow Makes Roads Slick

The first snow of the season that "stuck" came to Jacksonville and vicinity late Thursday morning. Never hard, the fluffy flakes fell intermittently throughout the day and night.

Certain spots of the highway were reported rather slick as the temperature dropped Thursday night. The Florence hill in Pike county was giving automobile and truck drivers a bad time. The state highway department spread cinders to give the vehicles enough traction to get over the hill.

State To Continue 'Deer-Thinning' In N. Illinois

Rockford, Ill., Dec. 9.—(P)—Deer are becoming far too plentiful in northern Illinois. The state plans to continue efforts to thin them out this winter.

Lysie Pietsch of Dixon, deer and bear project leader for the state conservation department, said 14 box-type deer traps will be placed in the area around Rockford, Belvidere and Oregon. Corn and alfalfa will be used for bait. Captured deer will be taken to the Shawnee National Forest in southern Illinois.

Pietsch estimated there are 1,500 deer in the area. Trapping efforts began last winter, but only 42 were caught. Pietsch said he believes the small catch was because of ample supplies of residue food in farm fields.

Jerseyville, Carrollton Tangle In Ivy League Go

By Bill Chipman

Jerseyville's small but speedy Panthers journey to Carrollton Friday night for a basketball game with their arch rivals.

This will be the initial Illinois Valley conference start for both teams, and fans are eyeing the battle with keen interest since Carrollton is the defending champion in the Ivy League.

Coach E. V. Hult is welding a smooth working team in his first season at Jerseyville. Although the starters are unusually small, they have thrown up a stout defense, whipping Hardin 38 to 22 and clipped Gillespie 30 to 25 in their first two encounters this year. The Panthers haven't beaten a Carrollton cage crew since 1946.

The Hawks had little trouble with Bluffs and Brighton in their first two games, whipping the smaller schools by large margins. Carrollton also has a new coach in Clarence Bradley, who is replacing Bill Jackson. Dick Hamman, assistant under Jackson last year, is still on hand. Most of last year's championship five is gone but the Hawks have a tall, speedy outfit which is developing into a high scoring hardwood machine.

Blueboys Suffer First Loss Of Season; Bow To Quincy 64 To 56

The Illinois College Blueboys tasted their first defeat of this early season when they fell, victims to the red-hot Quincy five, by a 64 to 56 count on the Adams county boards.

The locals were very cold in the initial minutes of play, and in comparison, the Quincy quint just couldn't seem to miss, hitting the hoop with deadly accuracy from the opening whistle. The hiltoppers fell behind 23 to 12 in the first ten minutes of play, but with Bill Gross and Shouse hitting, the local five managed to pull up to within seven points of the host school by halftime.

Quincy Continues To Pace

Coming out after the intermission, the Quincy college cagers continued to cut the cords at a furious pace, and although the Blueboys were playing great ball in an effort to stem the rain of baskets, and Bill Gross was hitting consistently for the Jacksonville crew, they couldn't keep up with the terrific pace set by the host school.

Bill Shouse got several quick buckets in the last ten minutes of play which helped Miller's charges to outscore Quincy 13 to 7 in the waning minutes of the contest. However, the earlier lead built up by the host school was too much to cut in the short time remaining to play, and the hiltoppers fell short by eight points.

Murrin Below Par

Bob Murrin, who suffered a severe injury cut thumb early this week, played in the contest, but was obviously not up to par form. He counted only one tally from the field, and along with Dave Billings left the game via the foul route.

Bill Gross, big local forward, took scoring honors for the evening, marking 10 tries from the field and 3 gift tosses for a total of 23 points. Bill Shouse had a good scoring night, hitting for 19 counters, while Heithold of Quincy scored 21 for the victors.

The box score:

Hackleman Warns Some Seed Oats Heating In Bins

Urbana—(AP)—A warning was issued today to certified seed growers by University of Illinois College of Agriculture men to check their storage bins for mustiness and heating which damage the seed quality for planting.

J. C. Hackleman, extension service agronomist, says some seed oats being sent to the Illinois Crop Improvement association for germination tests are testing as low as four percent. Other samples have tested only six, eight, 10, and 18 percent germination.

Minimum standards usually run at least 90 percent, with 95-percent germination the usual figure for good-quality seed, Hackleman said.

High moisture content is responsible for seed oats going out of condition, the agronomist explained. This is caused by excessive moisture when the grain was stored, by weevil infestation, or both.

Jury Will Decide Claim For Death Of Daniel Cook

One witness for the plaintiff remained to be heard in the collision death damage suit now in progress when court adjourned Thursday afternoon. Court observers said the case probably would go to the jury around noon today.

Damages are sought for the death of Daniel Cook, 64-year-old Morgan county man who was fatally injured in an automobile collision west of Jacksonville.

The jury was selected Thursday morning after which hearing of evidence began.

Cook's car was involved in a collision on the morning of Oct. 30, 1947, at a point two and one-half miles west of the city on State Route 104. The other car was driven by Samuel J. Hammond, who was traveling from Springfield to Meredosia where he was employed. The cars collided while the highway was blanketed by fog.

The suit for damages was brought by Waldo McCreery, administrator of Mr. Cook's estate, against Hammond. The plaintiff charges that Hammond was driving on the wrong side of the pavement at the time of the wreck.

Attorneys for the Cook estate are Carl E. Robinson and Theodore Rammelkamp. Mr. Hammond is represented by Walter Bellatti and Leavitt Arnold. Jurors hearing the suit include: Bernard S. Camm, W. A. Kinnett, Gusse R. Duffner, Van D. Seymour, Nita L. Johnson, Lucy D. Braner, Earl O. Mortimer, Leonard O. Points, Ralph P. Woods, John Thomas Butler, Catherine J. Benson and Mary E. Tankersley.

Three Hannibal Runaways Nabbed In Jacksonville

Three young girls missing from their homes in Hannibal, Mo., found unexpected hospitality in Jacksonville Wednesday night.

A reception committee consisting of Patrolmen Willner and Smith called on the young ladies with an "invitation" to report at the police station. They had been waiting for a bus.

The girls gave their names and admitted that they had run away from home. Their ages are 13, 14 and 17 years.

Police officers transferred the girls to the county jail where they were placed in charge of the matron. After a good breakfast Thursday they patiently waited for the arrival of somebody to take them back to Hannibal. The father of one of the girls arrived shortly after dinner.

The girls didn't seem especially happy about being apprehended. But they seemed to agree that if they had to be arrested, it couldn't have happened in a nicer city.

Daring Boys Killed In Berlin Ruins

Berlin—(AP)—Western Berlin's newspapers are waging one of the world's strangest safety crusades—designed to stop daredevil children from digging for scrap materials in bomb ruins to earn money.

Under the slogan "Death Lurks in the Ruins," the campaign is prompted by an alarming increase in the accident toll involving youngsters killed or maimed under collapsing walls in the city's acres of ruined buildings.

Hardly a day passes but some German is a victim of such an accident, especially as fall winds and wet weather promote the collapse of weakened masonry. A further hazard is unexploded bombs and shells still buried in the rubble.

The newspaper "Social Demokrat," leading the safety campaign, has demanded criminal prosecution of adults who hire children to go picking scrap metals and wood out of ruins. The newspaper also demanded action against parents who permit their children to engage in this business and of scrap metal dealers who buy from children.

Some adventurous kids are said to make neat earnings in their scrap hunting. But they have to be daring—or just foolish. Some are seen climbing up pipes to reach third and fourth story balconies or along ledges to pry out surviving window frames. They often clamber where experienced salvage crews, equipped with ropes and safety belts, hesitate to operate.

Their chief booty is old plumbing fixtures and cable and wiring.

High Winds Cause Damage In Jersey

Jerseyville — The high wind of Sunday in this locality did much damage in various localities to buildings and trees. Downspouts were wrenched from their fastenings on dwellings and barns and gutters were also torn away by the force of the gale.

At one o'clock Sunday afternoon a large maple tree in the yard at the home of Mrs. Edward Burns was blown down. It blocked West Pearl street. Observers reported that the tree came down between two automobiles, narrowly missing the cars as they traveled along the highway. The city street clearing crew got busy immediately and had the highway open again in a half hour.

In the business district, a number of windows were blown out and other cracked by the force of the wind.

Waltz into Darkness

BY WILLIAM IRISH

Copyright by William Irish—Distributed by NEA SERVICE, INC.

THE STORY: Several days pass and nothing happens, there are no more letters. Then on the fifth day, Bonny dresses carefully to go out. She is gone until after dark and returns home drunk. Burned knows that the sender of the mysterious letter addressed to "Miss Mabel Greene" is now right here in town.

XXXVI

HE made no reference the following day to her liquored outing, much less the greater transgression that it had entailed. He waited to see if she would attempt to repeat it (in his mind some half-formed intent of following her and killing the man when he found him), but she did not. If a succeeding appointment had been made, it was not for that next day.

She did not go out of the house that day, nor the day after that. Again he waited, again he held his breath, but she remained dutifully at hand. The appointment, if there was to be another, still hung fire.

Nor the next, either. The cleaning woman came, and coming down the stairs, he caught sight of them standing close together in the hall, as if they had been secretly conferring together. He thought he saw Bonny hastily fumble with her bodice, as if concealing something she had just received.

There are other ways of communicating than by the rendezvous direct, he reminded himself. Perhaps the appointment I have been dreading so has already been kept, right before my eyes, on a mere scrap of paper.

Toward the latter part of their evening meal, that same day, she became noticeably sensitive. The woman, the go-between of treachery, had gone and they were alone together.

Her casual remarks, such as any meal shared by any two people is seasoned with, grew more and more infrequent. Soon she was making none at all of her own volition, only answering the ones he made. Her thoughts were obviously elsewhere.

Then, quite as insolubly as it had begun, it ended again, this abstraction.

Her eyes now saw him when they rested on him.

"Do you recall that night we quarreled?" she said, speaking softly. "You said something then about that old insurance policy you once took out when we were living on St. Louis Street. Was that true? Do you really still have it?"

"I still have it," he said inattentively. "But it has lapsed, for lack of keeping up with the payments."

She was now busily eating, as if to make up for the time she had wasted loitering over her food before. "Is it completely worthless, then?"

"No, if the back payments were made up it would come into effect again. Not too much time has passed, I think."

"How much would be required?"

"Five hundred dollars," he answered impatiently. "Have we got that much?"

"No," she said docilely, "but is there any harm in asking?"

She pushed her plate back. She dropped her eyes, as if he had rebuffed her, and allowed them to rest on her clasped hands. Then taking one finger in the others, she began slowly to twist and turn about the diamond ring that had once been her wedding gift to her. She shifted it this way, that, speculatively, abstractedly.

"How would one go about it? I mean if we did have the money. In what way is it done?"

"You simply send the money to New Orleans, to the insurance

company. They credit the payments against the policy."

"And then the policy comes into force again?"

"The policy comes into force again," he said somewhat testily, annoyed by her persistence in clinging to the subject.

He had divined, of course, what her sudden interest was. She was entertaining a vague hope that they could borrow against it in some way, obtain money by that means.

"Could I see it?" she coaxed.

"Right now? It's upstairs. Somewhere, among my old papers. It's of no value, I warn you; the payments have not been maintained."

She did not press him further. She sat there meditatively fingering the diamond on her finger, shifting it a little bit this way, a little bit that, so that it gave off sparks of brilliance in the lamplight.

SHE did not ask him for it nor about it again, but remembering that she had, he set about looking for it on his own account. This was not immediately, but some two or three days later.

He couldn't find it. He looked where he'd thought he had it, first, and it wasn't there. Then he looked elsewhere, nor could he find it in any of the other places he looked, either.

It must have been lost, during their many hurried moves from place to place, in the course of hasty packing and unpacking. Or else it would perhaps yet turn up, in some unlikely place he had not yet thought of looking for it.

He desisted finally, with no great concern; with, if anything, a mental shrug. Since it was worthless and could not have been borrowed against (which he thought had been the motive behind her asking about it), there was no great loss, in any case.

He did not even mention to her that he could not locate it. There was no reason to, for she, too, seemed to have forgotten her earlier interest in it, as she sat here across the table from him, idly stroking and contemplating her ringless hands.

The election followed a worship service, "God's Gift of Gladness," directed by the leader, Mrs. Oscar Northrup. The service included scripture readings on the birth of Christ

and the singing of Christmas carols. The group was seated at three tables, all decorated with red lighted candles and evergreens. Little Cleon Benson sang "Away in a Manger." A box was placed near the large tree and each of the members deposited gifts which will be sent to the Indian Rocky Boy mission.

A dark blue background, dotted with white stars and miniature figures, accented by colored lights, presented the scene of the Nativity. The Rev. Wennemark offered prayer.

Mrs. Charles Wegehoff, hostess, served fruit salad with whipped cream, cake and mints. The favors, which resembled tiny Christmas trees, were made of cream cheese and placed on crackers. Red folders showing the manger scene were used for place cards.

Coffee and tea were served by Mrs. L. H. Wegehoff, president, and Mrs. Florence Northrup, assisted by Mrs. Telling, Irene Steinberg and Mrs. Minnie Steinberg. The serving table was decorated with lighted candles and a large bowl of holly.

HORSE MAKES RECORD RUN

Miami—(AP)—Horse players may do well to keep an eye on the racers trained by L. A. Brusie this winter. Are they fast? They were the first to arrive at Hialeah for the season and were 12 hours ahead of schedule. The explanation: the express car bringing the eight horses were hooked to a streamliner in Washington by mistake, and made the trip to Miami in record time.

Greene Co. Home Bureau Board Has Christmas Party

Carrollton—The annual Christmas party and gift exchange was held by members of the executive board of the Greene County Home Bureau. A covered dish luncheon was served at the home of the chairman, Mrs. A. K. Baldwin. Miss Sophia Powell, the new home adviser, was the guest of honor.

In the business meeting of the board, Mrs. Owen Siebermann, Mrs. H. M. Combrink and Mrs. Herbert Hart were named members of the nominating committee for the executive board members for 1949. The board also voted to again sponsor the Tuberculosis Mobile X-Ray unit in Greene county in February of 1949.

Plans were made for a training school on the "Care and Repair of Home Furnishings" to be given by Miss Marian Kaeser of the extension staff of the University of Illinois Dec. 16 in Farm Bureau hall.

FLOATING IDOLS WORRY BOMBAY

Bombay, India—Four idols were washed ashore the Bombay beach. They were picked up by Hindu bandits, set under a pipal tree and worshipped.

Three of them were 18 inches in height and the fourth nine inches. The first was the elephant-headed god, Ganespati, the awarder of all luck; the second of monkey god, Hanuman, who fought under Rama for the recovery of his wife, Sita, from the demon king in Ceylon, Ravana; the third of Nandi, the bull on whom god Shiva rides; and the fourth has not yet been identified.

None could say how they came to be washed ashore, but they are giving headaches to two officials—the curator who wants them for the museum if no one claims them, and the magistrate-collector who must accord permission if the people want to worship them.

EVENTS AGED IN THE WOOD

Soendeborg, Denmark — (P) — When a big century oak recently was blown down by a heavy storm near Soendeborg two wedges, hampered into the tree some fifty years ago, were found. One of them had the following inscription: "When this oak falls the gravedigger's wife will die and one of the farms in the district will burn down."

Nelle Katrine Nielsen, wife of the gravedigger, died two days after the oak fell. Two days later Claus Andersen's farm in Elstrup burned down.

Ants, bees, wasps, saw flies, gall-wasps and ichneumon flies are all members of the same insect family: hymenoptera.

The Ashland Junior Woman's club held a dance in the high school auditorium Saturday night. Music was furnished by Lloyd Walby's orchestra. Mr. and Mrs. Stuart Brownback, Mr. and Mrs. William E. Strubling and Mr. and Mrs. H. A. Voismier were chaperones.

Medan Port Nearly Ready

Medan, Sumatra—(P)—The Dutch are nearing the end of a three-year struggle to clear away mud and sunken ships which have clogged their gateway port to rich East Sumatra. At Belawan, port for Medan, freighters as large as Liberty ships can slip into the quay one at a time to load rubber, palm oil and fine tobacco.

Within a few weeks, Dutch Navy crews expect to finish the exacting task of cutting and lifting underwater sections of a loaded ammunition ship blocking an important section of the harbor. Then five ships can take on cargo at one time. The Japanese swept into the Indies

in early 1942, blasting Dutch ships at Belawan and partially sealing off the shipping point. For years Dutch engineers had been dredging away river mud that washed into the harbor. The Japanese neglected the work. A large bar formed.

The port, where large ocean liners with drafts of 36 feet could tie up before the war, could take only small craft with 16-foot drafts by last spring. Navy technicians and civilian workers dredged the port to a depth of 22 feet by July. Now a channel 28 feet deep has been cleared. Ships of 10,000 tons can enter.

To clear away wrecked ships, a 300-ton crane was sent by sea from Europe in March. It was lost in a storm in the Mediterranean. Another crane, with a 200-ton capacity, started out again by sea and finally arrived two months ago. Clearing

the harbor has progressed rapidly since then.

Roodhouse Man Stricken Hauling Water To Turkeys

Roodhouse—John Edward Travis, 55, died suddenly Wednesday while trucking water to the Waldbauer turkey farm.

Mr. Travis, a trucker and scrap iron dealer, became ill as he was driving. His companion, Joe West-nedge, observed his condition and shut off the ignition system, but was unable to control the wheel grasped by the victim. The vehicle struck a telephone pole on West Palm street, but it was not seriously damaged.

A former employee at the Alton shops here, Mr. Travis retired in 1941 because of ill health.

He was born July 6, 1893 in Schuyler county, the son of Roland and Ellen Clark Travis.

He is survived by his wife, Mrs. Elizabeth Rose Travis; three daughters, Mrs. Earl Boushard of Venice, Mrs. Joe Bulls of Granite City and Mrs. Harvey Whewell of Roodhouse, and eight grandchildren.

Also surviving are three sisters, Mrs. Gus Gortman and Mrs. Sadie Hornback of Roodhouse and Mrs. Goldie Ahner of Quincy, and one half-brother, Harold Blinke of White Hall.

Funeral services will be held Saturday afternoon at 2 o'clock at the Mackew Funeral Home. Burial will be in the Fernwood cemetery here.

Around the turn of the century, a milling executive named Addison Igleheart started working to develop a finer, softer flour simply because he likes cake and wasn't satisfied with cake made with ordinary flour. As a result he developed a special cake flour—and a new American food specialty was born.

Girl Jailed After Mine Work

Kiel, Germany—(P)—No German law forbids women from working in mines—but a girl who tried it in male disguise landed in jail for three months.

A poster of the German Ruhr Coal Mines Administration calling on the homeless German youth to come to work, gave her the idea. She decided to become a miner. The American and British-sponsored enlistment program provided for better living conditions—clothing, better and higher food rations, tobacco and liquor rations.

Ursula and her old ailing mother had not had any of this since they had fled from their hometown of Koenigsberg in East Prussia, now

Kaliningrad in Soviet Russia. For two years they had lived in a slum-like refugee quarter in a small Schleswig-Holstein village. Coffee, cocoa, bacon and an adequate wage with which she could support her mother and provide medical treatment for her made her decide quickly, she told the judges.

She put on slacks, cut her hair, bandaged her breasts and enlisted at the labor office for the Ruhr coal mines as Peter Klenkies.

None of her "buddies" down in the pit recognized Peter as a member of the weaker sex. She worked four months, but fell ill and had to leave her job.

When she returned to her mother, the police got wind of "Peter" and summoned her to court, on charges of "document forgery and illegal name change."

A three-months' jail sentence was

the lowest punishment the court could find for the offense.

NEW GUINEANS, SHEEP, DISLIKE EACH OTHER

Sidney—(P)—A flock of 60 air-minded sheep from Australia arrived in New Guinea the other day.

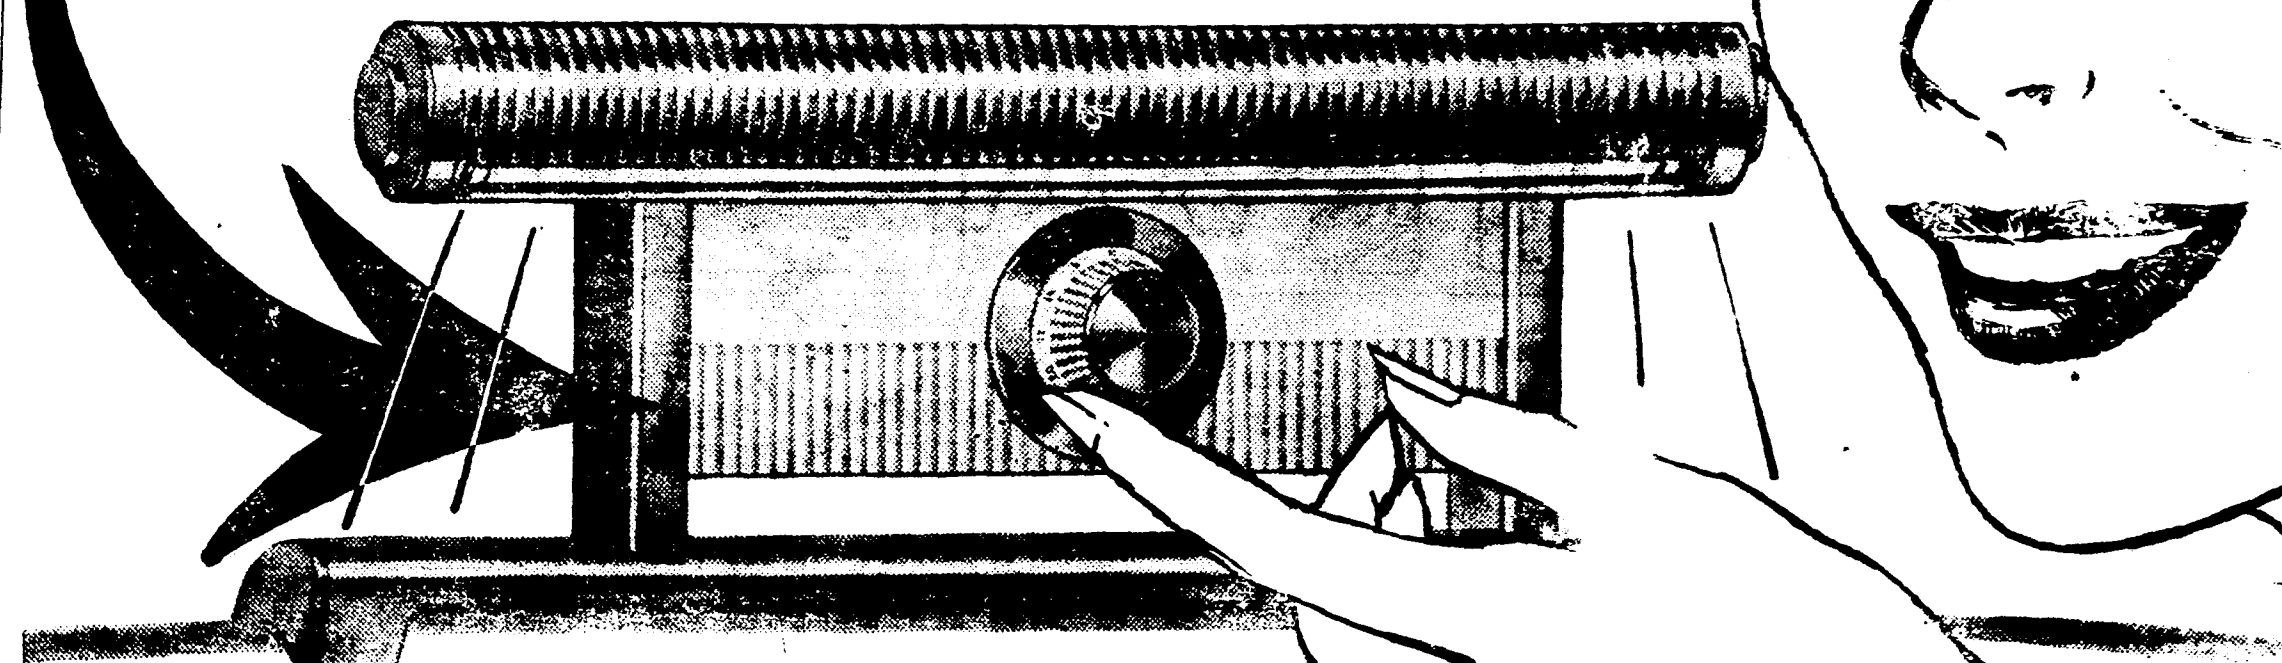

A crowd of New Guineans were at the airdrome to meet them. Neither the sheep nor the New Guineans had seen the like of each other before.

The sheep tripped off the plane at Lae. The New Guineans watched dubiously. Then the sheep made a dash towards the onlookers. The onlookers made a dash for the bush.

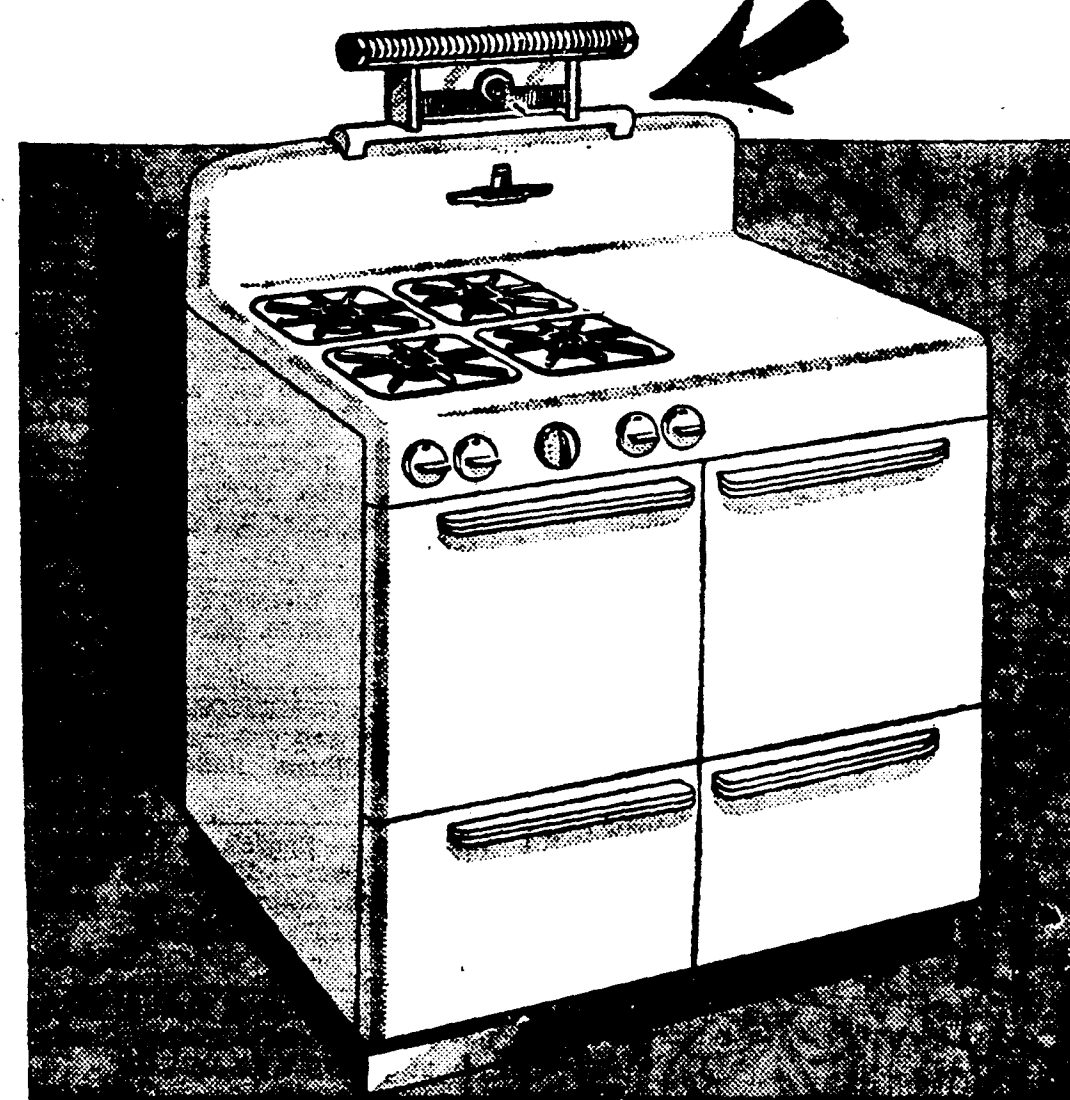

After that the sheep moved on their way to an experimental farm in the New Guinea highlands; and the New Guineans came out of the bush.
